### **Statement of Purpose**

Humbercare is an enabling organisation dedicated to providing quality and innovative services to adults and young people in need.

Humbercare believes that all people should have the opportunity to realise their potential, improve their skills, optimise their life chances and become responsible members of the community

### **Project Brief**

The Project will deliver needs appropriate, face to face, short term housing support, for people with Mental Health / Dual Diagnosis issues, Young People, and those with a physical disability in North East Lincolnshire.

- They accept referrals direct from clients, statutory agencies, housing and the community sectors.
- They provide a person centred service.
- A rights based enabling approach to the promotion of independence.
- They support clients to access, maintain, and sustain independent living in their own home in the community.

Clients must be in their own independent accommodation in order to be given a place on the Project. Clients are encouraged to access training and education, to increase skills and access to employment.

They also provide an out of hour's emergency On Call Service for clients who are accepted onto project. Support can include tenancy or resettlement advice, support with money management or debt issues, claiming benefits and support to deal with other professionals, e.g. health and housing.
